HOW HE WON.

Delegates Thought It Would Be a Deserved Recognition.

Kansas City, Mo., July 9.—A wrong impression seems to prevail concerning the attitude of certain leading members of the Ohio delegation in the choice of a national committeeman. McLean did not receive a majority of the first ballot, having only 23 out of the 46 votes. It is well understood that on a square test as between McLean and anti-McLean he should not have been elected. His election was secured on the plea that it would be a deserved recognition of his past services and liberal contributions to the party to elect him for a second term as committeeman in his absence and when he was not an active candidate for the place. Even on this plea only one of the Big Four voted for McLean. This was W. S. Thomas. Col. James Kilbourne, A. W. Patrick and H. L. Chapman voted for M. A. Daugherty on each of the two ballots. Col. Kilbourne, although advised not to take an active part in the fight, openly opposed the selection of McLean and voted his sentiments on the roll call. On the second ballot McLean received 28 votes and at the suggestion of Kilbourne his election was made unanimous.

Rendered Speechless

Painesville, O., July 9.—Alexander B. Glenn, aged sixty years, was made mute by a lightning shock during an electric storm here Saturday afternoon. Glenn is janitor at St. James Episcopal church and was in the vestry room. The bolt passed through an open window and out of a door behind him. When he tried to speak he could not make a sound. He was in no other way disabled. On reaching home he wrote on paper what had happened and a physician was summoned. His tongue and throat were badly swollen.

AMERICANS KILLED.

More of Them Slain In the Philippines and Some Natives Killed.

Manila, July 9.—The past week's scouting in Luzon resulted in eleven Americans being killed and sixteen wounded. One hundred and sixty Filipinos were killed during the week and eight Americans who had been prisoners in the hands of the rebels were surrendered and a hundred rifles were turned over to the United States officials.

They ambushed a wagon train between Indang and Nalc. The Third Infantry lost nine men while on an expedition to punish the Ladrone in the delta of the Rio Grande.

In the Antigua province of Panay a running fight of three hours' duration resulted in the killing or wounding of seventy of the enemy. There were no casualties among the Americans.

The insurgents are slowly accepting the amnesty provisions. In some instances the Americans are suspending operations in order to give the rebels an opportunity to take advantage of the decree.

OBLIGING INSPECTORS.

Found They Had Been Currying Favor With the Wrong Mrs. Hanna.

New York, July 9.—Five particularly urbane and kind customs inspectors are feeling all cut up, this morning, when they reflect upon a certain transaction in which they were officially prominent. There was a great flurry among the United States customs officers on the White Star line when the Oceanic arrived, yesterday, for they had been advised that Mrs. Marcus A. Hanna, wife of the United States senator, was a passenger. When a handsome woman, about 32 years old, came down the gang plank, five customs officers rushed toward her. "Mrs. Hanna, I believe," said one of them. "Yes," was the reply, "what can I do for you?" "What can we do for you?" asked the spokesman of the party. "Well," said Mrs. Hanna, smiling, "I would be greatly obliged to you if you would accelerate the inspection of my baggage." The inspectors almost fell over one

another in getting to section H. As Mrs. Hanna's baggage did not happen to be there just then—three minutes or so after the Oceanic docked—three men were sent scurrying after it. It was the first of the Oceanic baggage brought on the pier. There were only seven trunks, yet five inspectors "examined" them. It took just four minutes to decide that Mrs. Hanna had nothing dutiable. She thanked the inspectors, and they ushered her and her three children to a carriage.

Since then the inspectors have learned that the woman upon whom they showered their attentions was not Mrs. Mark Hanna, but Mrs. May Harrington Hanna, divorced wife of Dan R. Hanna, son of the senator.
